

Present-Day Noospheric Education: Regional Aspect

G.S. Smirnov

Ivanovo State University, Ivanovo

Key words and phrases: lyceum; noospheric school; educational system; theory of noospheric education; philosophical and cultural problems.

Abstract: Specificity of formation of regional noospheric school on the example of Ivanovo region is shown. The concept of Russian Noospheric University as a new form of education which is created as a result of complex and contradictory transition of biosphere into noosphere is shown. The draft programs of noosphere-oriented education are proposed.
