

# **Methodology of Evaluating Potential of Labor Force as the Reserve of Improving Labor Quality**

**M.Ya. Ozerov**

*Tomsk State University*

**Key words and phrases:** labor force quality; labor quality; staff evaluation; working career; working potential.

**Abstract:** The author's approach to understanding such notions as "labor force quality", "labor quality" and "working potential" is presented. The connection between these notions as the objectives of organization staff evaluation is studied in detail. The review of existing approaches to staff evaluation is given; the methodology of evaluation of labor force quality potential as the reserve of improving labor quality is proposed.
