

Present-Day Europe: in Search for Civilized Identity

M.M. Reshetnikov

Eastern European Institute of Psychoanalysis, St. Petersburg

Key words and phrases: natural equality; humanitarian concepts; democracy ideas; nationalistic tendencies; social activism; transformation of parent structures; civilization.

Abstract: The attempt to generalize some of the most urgent humanitarian problems is made. Preseving national identity which is the greatest value for any nation is a big and difficult problem that requires discussion and analysis both in short-term and long-term view.
