Key words and phrases: intuition; all-unity concept; F.M. Dostoevsky's works; philosophical system.

Abstract: N. Fedorov's philosophical paradigm, his ideas and views played a very important role in the formation of M. Bakhtin's philosophical system, his "philosophy of dialogue". Their concepts have much in common both in form and content including the ethic philosophy, ideas about responsibility for deeds and those of active Orthodox, the value system of attitude to "Others" is also similar.
