

Essence of System of Bank Lending of Innovative Activity and Principles of its Functioning

I.P. Dovbiy

South Ural State University, Chelyabinsk

Key words and phrases: bank loan; innovative activity; loan; bank lending system.

Abstract: In conditions of financial crisis and limiting such forms of financing the innovative activity as venture capital, «Business Angels» and IPO, the role of bank lending is increasing significantly. As a result of this, the need for accurate definition of the essence of the system of bank lending of innovative activity occurs.
