

Further Professional Education: Tasks of Crisis Period

A.M. Rubanov, N.V. Molotkova

Tambov State Technical University, Tambov

Key words and phrases: quality of educational services; advanced teaching; programs of further professional training; labor market; market of further professional training services.

Abstract: The present-day state of Russian economy is characterized by tension in regional labor markets. The mobility, flexibility and openness of further training structures contributes to the implementation of advanced professional training aimed at obtaining new competence and improving the specialists' competitiveness in regional labor market.
