Means of Development of Teacher’s Network Culture in the Regional Training System

G.A. Budnikova

Astrakhan Institute of Training and Retraining, Astrakhan

Key words and phrases: modern tools of educational process management; social services; the teacher’s net culture.

Abstract: Effective modern tools of communication and self-presentation give a teacher the opportunity to be a member of social professional nets and to create educational cultural environment. The developed net culture of a teacher provides qualitative support of this process.
