Key words and phrases: education; evening school; general compulsory education; illiteracy; Komsomol; youth.

Abstract: The paper describes the ways of combating illiteracy in the Tambov region when the victory of socialism in the USSR was proclaimed and it headed for creation of communism. Failures, contradictions of the implementation of the policy of general education, and the efforts made by the state, party and Komsomol in this direction in late 1950s- early 1960s are shown.
