

On the History of Tambov Math Seminar

A. A. Popova, H. P. Puchkov

Tambov State Technical University, Tambov

Key words and phrases: mathematics in a technical university; math seminar; research student; school of functional differential equations.

Abstract: The paper describes the role of the well-known mathematical researcher N.V. Azbelev in organizing mathematical training in conditions of a new technical university. The achievements of mathematical science and close contact with the famous researcher were important for the development of mathematical training in the university. The researcher's life was full of hardships, which was typical of noble families of pre-revolutionary Russia in the 20th century.
